Joelynda Lopez SF5071

Lola and Pepe Lopez SF5085

Cesar Lopez is a very quiet person and the children in the village think he is difficult to talk to. He often reads books alone in his room but he actually likes to talk to other people. When someone visits him at home, he always recommends books to them.

Conchita Lopez likes to collect pressed flowers. She has so many in her collection that the shelves are full. She is very shy though, so not many people know about the size of her collection. However, her beautiful pressed flowers are a secret favourite among the girls in the village.

Pablo Lopez really likes cars. When he hears someone driving through the village, he immediately comes running to admire the car enviously. He dreams of the day when he will be able to drive and cleans and polishes cars every day on his way home from school.

Laya Lopez loves going shopping with her friends after school. She goes out right away after getting home from school. She adores shopping for matching stationery and accessories with her friends.

Pepe Lopez is a very quiet and patient boy. He doesn't cry when he's hungry or if he's hurt his hand but when his mother Conchita pets his head and says, "you are a good boy for not crying", he sometimes lets a few tears fall as he feels comforted and loved.

Lola Lopez sleeps for a long time every day. She sleeps so much that some people other than her family haven't seen her awake. She loves the blanket her mother Conchita knitted for her and she always keeps hold of it, even when she's awake.

Joelynda Lopez likes to build castles with building blocks. She often builds big castles with her friends at the nursery as well. She likes to stack and play with building blocks so much that by the time her family realise there are blocks everywhere and nowhere to stand in the room.

Aaron Cottontail is good at making coffee and enjoys having coffee in the garden every day. As he always welcomes guests with the finest coffee, some people visit him just to enjoy his coffee. He happily gives coffee to anyone who drops by, even those who visit unannounced.

Sorrel Cottontail is very tidy and is especially good at doing the laundry. When hanging out bright white towels under the beautiful blue sky, she feels refreshed and starts singing. Her wonderful, pure singing voice sounds so nice that passers by stop to listen.

Gromwell Cottontail is good at swimming and he always comes in first at the school swimming competition. He has a reputation of swimming like a fish because he makes it look so easy. Even though he practices the same as his friends, he has suddenly improved way ahead of them.

Willow Cottontail is polite yet shy. She says hello politely when she meets people. She is good at listening to others, so her friends like talking to her very much. Every evening she writes a diary about all the wonderful things that have happened to her that day.

Charlie Cottontail likes to play in the water. He gets excited splashing water everywhere when he goes to the pool or a small stream. He doesn't have to worry though because his mother Sorrel washes his clothes straight away. He loves shower time and always dashes playfully to the bathroom when it's his turn.

Fred Golightly has loved to dance ever since he was a little boy and he's learned all kinds of dancing. He's especially good at ballroom dancing with his wife Holly. He's usually a quiet sort but he comes alive when he gives dance lessons to the children of Sylvanian Village.

Holly Golightly loves drinking herbal tea by the window. She likes lace and always wears a lace shawl she's knitted herself. There aren't many Sylvanians who are as good at lace knitting as Holly is, so she teaches the other mothers in Sylvanian Village all about how she does it.

Toby Golightly is kind and caring to everybody. If one of his friends is sad, he goes and cheers them up. At home, he performs the dances he's learned from his father Fred.

Tiffany Golightly's dream is to be a fashion designer. Her sketchbook is full of her designs. She's too shy to show her sketches to people often but she hopes that someday all her friends will wear the clothes she's designed.

George Golightly is very happy when he hears music. When he's out in his pushchair and he can hear the children at the nursery or school singing, he begs to stop and listen. His mother Holly gets tired out from taking him to the same places again and again.

Ginni Golightly loves shiny things. She has a collecting box full of treasures, like beads her mother gave her and beautiful stones she found at the beach. On sunny days, when the water of the river sparkles in the sun, Gilly could sit and look at it forever.

Gilly Golightly likes playing with her mother's broom. She plays quietly, but when her mother asks her to give it back so that she can sweep the floors, Ginni cries so loudly that the family don't know what to do with her.
